CEELITE
Technologies, LLC

The Illumination Solution For Events - CeeLite®

Flat, Flexible Energy Efficient Lighting. Made in USA. CeeLite® Light Emitting Capacitor (LEC) technology delivers flawless illumination solutions that draw attention! The energy efficient LEC panels are easy to install/retrofit due to its unique qualities - thin (less than 1 mm thick), flexible, lightweight, impact resistant, no heat generated. Contact [Gabrielle Santulli](#) to request information.
